

Mr Kuo How Nam

President of Credit Counselling Singapore

Gamblers and Debts

CCS has been involved in helping individuals with their debts for the past five years. In recent years, it has noticed an increasing trend of more individuals with debt problems partly due to gambling which now accounts for 27% of all cases. CCS will be discussing the characteristics of the debt distressed individuals with emphasis on problem gamblers, and will share its observations of what can be done to tackle problem gambling in Singapore.
